

Wednesday September 29, 2010

12:30-1:15	registration	
1:15-1:30	welcome	
1:30-2:30	Invited speaker: Shigeru Miyagawa (MIT)	Agreements that occur mainly in the main clause
2:30-2:50	coffee	
2:50-3:30	Yoshio Endo (Kanda University of International Studies)	Interpersonal Modal Particles in non-Root Sentences: Head Feature Movement
3:30-4:10	Norio Nasu (Kobe City University of Foreign Studies)	The Distribution of Particles in Japanese and the Structure of CP
4:10-4:40	coffee	
4:40-5:20	Krzysztof Migdalski (Wroclaw University)	Against a uniform treatment of second position effects as force markers
5:20-6:00	Oleg Belyaev (Moscow State University)	The placement of 2P clitics in Ossetic as a Main Clause Phenomenon

Thursday September 30, 2010

9:30-10:30	Invited speakers: Richard Larson (Stony Brook University) & Miyuki Sawada (National Kaohsiung Normal University)	Root Transformations and Quantificational Structure
10:30-10:50	coffee	
10:50-11:30	Rita Manzini & Leonardo Savoia (Università di Firenze)	The status of complementizers in the left periphery
11:30-12:10	Kleanthes Grohmann (University of Cyprus), Markus Pöchtrager (Boğaziçi University), Tobias Scheer (Université de Nice), Michael Schiffmann (Heidelberg University) & Neven Wenger (Heidelberg University)	The Apex Paradox: A technical issue for the explanation of Main Clause Phenomena
12:10-2:00	lunch	
2:00-2:40	Marco Coniglio & Iulia Zegrean (University of Venice)	Splitting up Force: evidence from discourse particles
2:40-3:20	David Lightfoot (Georgetown University)	Explaining matrix/subordinate domain discrepancies
3:20-3:50	coffee	
3:50-4:30	Irene Franco (University of Leiden)	Don't front! A minimality account of embedded topicalization and V2 in Scandinavian.
4:30-5:10	Cecile de Cat (University of Leeds)	Towards an interface definition of Main Clause Phenomena
07:30 dinner		Het Pand

Friday October 1, 2010

10:00-11:00	Invited speaker: Joseph Emonds (Tomas Bata University, Zlin & Masaryk University, Brno)	Augmented Structure-Preservation and the Tensed S Constraint
11:00-11:20	coffee	
11:20-11:50	Barbara Tomaszewicz (USC)	The syntactic position of Slavic by and its effect on Main Clause Phenomena
11:50-12:30	Vesselina Laskova (University of Venice)	The relation between MCP, epistemic modality and illocutionary force
12:30-2:30	lunch	
2:30-3:10	Werner Frey (ZAS, Berlin)	About the syntactic integration of root-like adverbial clauses in German
3:10-3:50	Mark de Vries (University of Groningen)	Parenthetical main clauses - or not?
